\* If you prefer to use an in-person primary care doctor, you can choose one from the Cigna Network and your visit will be subject to 10% coinsurance.

## The doctors you can see

This plan uses the Cigna Network. You'll have access to every kind of provider you may need, from trusted local health systems to dedicated virtual doctors and an array of specialists and services in between.

You can view the Cigna provider directory at [hcpdirectory.cigna.com](http://hcpdirectory.cigna.com). When asked to login/register, choose "Continue as guest", and when asked to select a plan, choose "PPO".\*

You also have access to:

- Emergency care no matter where you are, covered as in-network
- Virtual options for primary care and urgent care

\*This site is provided and managed by Cigna and may include providers not available with your plan. Once your plan year begins, you'll have access to the provider directory specific to your plan via the Centivo member portal.

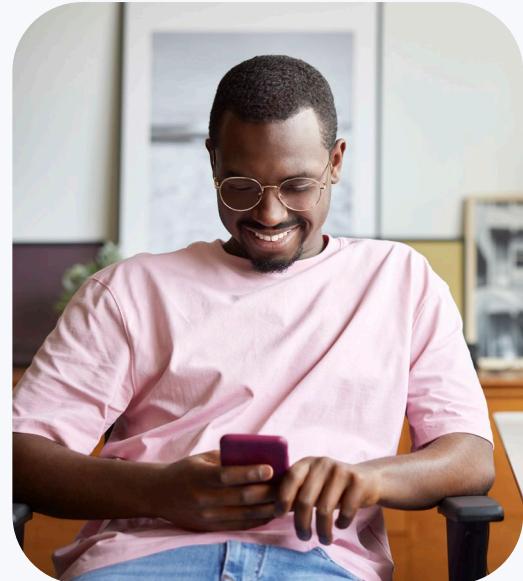

## Pharmacy

Pharmacy benefits are provided by Rightway. Coverage is automatically included when you enroll in a medical plan, with access to both retail and mail order pharmacy services.
